

**UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF NEW YORK**

Hannah Wulk,

Plaintiff,
v.

New York Medical College,

Defendant.

Case No.: 24-CV-7845 (NSR)

Pro Se Statement Regarding Proposed Settlement

To the Honorable Court:

I am the plaintiff in the above-captioned case. I respectfully submit this statement for inclusion in the record.

At present, I am being encouraged to settle this matter under conditions that I do not believe fairly represent my interests. Due to deteriorated representation and a lack of viable legal alternatives, I am facing pressure to resolve this case quickly to avoid reputational harm or procedural disadvantage, despite serious reservations about the proposed terms.

I wish to make the Court aware that, while I remain cooperative and respectful of all proceedings, this potential settlement is not one I view as freely negotiated. I submit this statement in good faith and without intent to delay resolution, but rather to ensure that these concerns are noted for the record.

Respectfully,

Hannah Wulk
